

# Australian delegation to BioKorea 2017

## 바이오킨아 2017 참가 호주 바이오 산업 대표단

한국보건산업진흥원과 호주 AusBiotech 협회간 협력사업의 일환으로 호주 주요 바이오 산업 대표단 (10 개 회사)이 2017 년 4 월 12 일부터 4 월 14 일까지 바이오킨아 2017 에 참가합니다.

이번 호주 바이오 산업 대표단의 바이오킨아 2017 참가를 통해 호주 바이오 산업 및 연구 역량을 국내 관련 바이오 업계에 소개하고 협력을 모색하는 기회가 되기를 기대합니다.

또한 주한호주대사관 무역대표부는 호주 AusBiotech 과 함께 호주 국가관을 운영하여 참가 호주 대표단을 국내 관련 업계 및 기관에 소개하고 비즈니스 기회를 도울 예정입니다.

아래 호주대표단 소개 및 호주관 안내를 참고하시고 비즈니스 상담을 원하시면 호주대사관 무역대표부로 문의 주시기 바랍니다.

국내 바이오 및 제약 회사의 많은 관심과 참여를 부탁드립니다.

- 일정: 2017 년 4 월 12 일 (수) - 4 월 14 일 (금)
- 장소: 바이오킨아 2017 전시장내 호주관  
(COEX Hall C 부스번호 D20/21/22/23/24/25)
- 문의: 호주무역대표부 우정현 수석 상무관 ([Juliet.Woo@austrade.gov.au](mailto:Juliet.Woo@austrade.gov.au), Ph: 02-398-2809), 윤상아 상무관 ([Sangah.Yun@austrade.gov.au](mailto:Sangah.Yun@austrade.gov.au), Ph:02-398-2806)

호주 바이오산업 대표단 소개 (알파벳 순서)

1. **Akesa Pharma** (임상시험 의약품 공급)
2. **ARMI – Australian Regenerative Medicine Institute** (재생의학 연구기관 – 심장, 근디스트로피, 다발성 경화증, 뇌손상, 자가면역질환)
3. **Cynata Therapeutics** (재생의학 – allogenic MSC 치료제 생산)
4. **CMAX Clinical Research** (임상시험 전문기관 – Phase I, II)
5. **George Clinical** (CRO)
6. **Linear Clinical Research** (임상시험 전문기관)
7. **Novotech** (CRO)
8. **Nucleus Network Limited** (임상시험 전문기관 – Phase I)
9. **Q-Pharm** (임상시험 전문기관 – Phase I, II)
10. **Regeneus** (재생의학 – 퇴행성 관절염, 암, 염증성 피부질환 및 상처치료제 개발)

<p>회사명</p>	<p>Akesa Pharma <a href="http://akesapharma.com/">http://akesapharma.com/</a></p>	
<p>참가자</p>	<p>George Vlachos Director, Clinical Trials Supply <a href="mailto:george.v@akesapharma.com">george.v@akesapharma.com</a></p>	
<p>회사 소개</p>	<p>Akesa Pharma’s client base includes local and global pharmaceutical manufacturers, CRO’s, CDMOs, biotech companies, analytical labs, phase 1 centers, research institutions and research hospitals.</p> <p>Akesa Pharma today has well-established relationships with a network of manufacturers and a large network of secure and validated suppliers across the globe. With extensive experience in the life sciences, clinical and pharmaceutical industries, Akesa Pharma partners with organizations that are experts in their markets to continually expand its footprint and service offering to its customers.</p>	

회사명	<b>ARMI (Australian Regenerative Medicine Institute)</b> <a href="http://www.armi.org.au">http://www.armi.org.au</a>	 
참가자	Silvio Tiziani Chief Operating Officer <a href="mailto:Silvio.tiziani@monash.edu">Silvio.tiziani@monash.edu</a>	
회사 소개	<p>The Australian Regenerative Medicine Institute was created in 2006 to deliver on the promise of regenerative medicine. It has built on the work of Monash University pioneers in IVF and stem cells to attract global regenerative science leaders and a new generation of young, creative researchers to inspire and to lead the cutting edge of this exciting new field.</p> <p>Our Institute explores new research methods and test new ideas that will allow us to bring revolutionary breakthroughs on heart disease, muscular dystrophy, multiple sclerosis, brain injury and autoimmune disorders from bench to bedside faster.</p>	

회사명	<b>CMAX Clinical Research</b> <a href="http://www.cmax.com.au">http://www.cmax.com.au</a>	
참가자	Jane Kelly CEO <a href="mailto:jane.kelly@cmax.com.au">jane.kelly@cmax.com.au</a>	
회사 소개	<p>CMAX is a dedicated, self-contained clinical trial facility which specializes in Phase I-II studies, including first-time-in man studies, as well as participating in Phase III-IV studies as an investigative site.</p> <p>CMAX has over 23 years' experience, making it Australia's first established dedicated Phase I facility. CMAX moved to brand new custom-built facilities in April 2016.</p>	

회사명	<b>Cynata Therapeutics</b> <a href="http://cynata.com/">http://cynata.com/</a>	
참가자	Ross Macdonald Managing Director & CEO <a href="mailto:Ross.macdonald@cynata.com">Ross.macdonald@cynata.com</a>	
회사 소개	<p>Cynata Therapeutics is an Australian clinical stage stem cell and regenerative medicine company that is developing a therapeutic mesenchymal stem cell (MSC) platform technology, Cymerus™, using discoveries made by Professor James Thompson's group at the University of Wisconsin-Madison (UWM).</p> <p>Cynata's proprietary technology utilizes iPSCs as the starting material for manufacturing the allogenic MSC therapeutic product. Cynata is the only company able to manufacture consistent, robust therapeutic MSCs without reliance upon multiple stem cell donors.</p>	

회사명	<b>George Clinical</b> <a href="http://www.georgeclinical.com">www.georgeclinical.com</a>	
참가자	Evon Hui Associate Director, Business Operations, East Asia <a href="mailto:ehui@georgeclinical.com">ehui@georgeclinical.com</a>  Misoon Seo Project Operations Lead <a href="mailto:mseo@georgeclinical.com">mseo@georgeclinical.com</a>	
회사 소개	<p>George Clinical is a leading clinical research organisation in the Asia-Pacific with over 200 staff operating in 11 countries. George Clinical provides a full range of trial management services to pharmaceutical and biotech customers, for both registration and post-marketing trials.</p> <p>Our parent organization, The George Institute, is a leader in chronic disease research with a global network of experts. George Clinical combines scientific and clinical leadership from the Institute with world class trial delivery capability to create a distinctive service.</p>	

회사명	Linear Clinical Research <a href="http://linear.org.au">http://linear.org.au</a>	
참가자	Dougal Thring Partner Solutions Lead <a href="mailto:dtring@linear.org.au">dtring@linear.org.au</a>	
회사 소개	<p>Linear specialises in rapid start-up (4-6 weeks), FDA-recognised, first-in-human trials. Our team has specialist expertise in executing complex protocols including adaptive trial design, glucose clamps and first-in-patient studies.</p> <p>Located in the GMT(+8) timezone, Linear has an expanding Asian Pacific clientele and interest in bridging studies. US comprise 65% of current clientele. Data is also accepted by EMA and PMDA.</p>	

회사명	Novotech <a href="http://www.novotech-cro.com">www.novotech-cro.com</a>	
참가자	<p>John Moller CEO</p> <p>Yooni Kim Executive Director, Asia Operations <a href="mailto:Kim.Yooni@novotech-cro.com">Kim.Yooni@novotech-cro.com</a></p>	
회사 소개	<p>Headquartered in Sydney, Novotech is internationally recognized as a leading full-service contract research organization (CRO) in the Asia Pacific region.</p> <p>With a focus on clinical monitoring, Novotech has been instrumental in the success of hundreds of Phase I - IV clinical trials undertaken throughout Asia Pacific.</p>	

회사명	<b>Nucleus Network Limited</b> <a href="http://www.nucleusnetwork.com.au">http://www.nucleusnetwork.com.au</a>	
참가자	Cameron Johnson CEO <a href="mailto:c.johnson@nucleusnetwork.com.au">c.johnson@nucleusnetwork.com.au</a>	
회사 소개	<p>Nucleus Network conducts phase I clinical trials for international Pharmaceutical and Biotechnology Companies.</p> <p>Established in 2004, Nucleus Network has successfully conducted over 500 phase I clinical trials including first-time-in human (FIH), single ascending (SAD) and multiple ascending dose (MAD), drug interaction, food effect, biosimilar, bioequivalence, thorough QTc, ethno pharmacology and absorption, distribution, metabolism, and excretion (ADME) studies.</p> <p>Nucleus Network is considered the market leader for Phase I clinical trials in Australia, with extensive experience with both biologic and small molecule products across multiple therapeutic areas.</p>	

회사명	<b>Q-Pharm</b> <a href="http://qpharm.com.au">http://qpharm.com.au</a>	
참가자	Bradley Joblin Chief Scientific Officer <a href="mailto:b.joblin@qpharm.com.au">b.joblin@qpharm.com.au</a>	
회사 소개	<p>Q-Pharm is a speciality early phase clinical trials unit with decades of experience in designing and conducting a broad range of early phase healthy volunteer and patient based clinical trials. We offer proven high quality with collaborative flexibility for our valued local and international customers.</p> <p>A full suite of services is offered to optimize your clinical development, including: PK/PD modelling, commercialization strategy, protocol design, medical writing, and regulatory advice.</p> <p>Studies at Q-Pharm are conducted in our state-of-the-art facility within the QIMR Berghofer precinct at the Royal Brisbane and Women's Hospital, Brisbane, Australia. Q-Pharm's unique location provides comprehensive support infrastructure with</p>	

	access to specialized laboratories, emergency services, and other purpose built, state-of-the-art clinical assessment facilities. Q-Pharm provides a comprehensive, high-quality service for our clients, and conducts clinical trials in accordance with all applicable national and international standards and guidelines.
