1	<a href="#">Scientia Clinical Research</a>	<ul style="list-style-type: none"> <li>• 초기임상 전문 사이트 (Sydney)</li> </ul>	Not-for-profit early phase clinical trial company operating 30-bed phase I unit co-located within the Prince of Wales Hospital a tertiary teaching hospitals offering a full range of clinical specialties.	
2	<a href="#">CMAX</a>	<ul style="list-style-type: none"> <li>• 초기임상 전문 사이트 (Adelaide)</li> </ul>	As Australia's longest-operating early phase unit, conducts successful world-leading research for local and international clients, specialising in a range of early-phase trials and first-time-in-human studies (FTIH) for pharmaceutical, biotech and medical device.	
3	<a href="#">Nucleus Network</a>	<ul style="list-style-type: none"> <li>• 초기임상 전문 사이트 (Melbourne, Brisbane)</li> </ul>	Only Phase I clinical trial company that have three units with 220+ beds and conduct a broad range of early phase clinical trials including FIH, DDI, TQT, Vaccine, Renal/Hepatic Impairment and Biosimilars.	
4	<a href="#">Linear Clinical Research</a>	<ul style="list-style-type: none"> <li>• 초기 임상 전문 사이트 (Perth)</li> </ul>	Provides comprehensive early-phase clinical trial services, including first-in-human studies, with state-of-the-art facilities and a commitment to advancing human health through innovative therapies	
5	<a href="#">360biolabs</a>	<ul style="list-style-type: none"> <li>• 전단계 임상 시험 분석 Central lab service</li> </ul>	Provides pharmacokinetic (PK) analysis, a diverse range of pharmacodynamic (PD) endpoint, virological end point and central lab services in a quality assured environment.	
6	<a href="#">Prove labs</a> ( <a href="#">Prove Clinical Laboratories</a> )	<ul style="list-style-type: none"> <li>• 전단계 임상 시험 분석 Central lab service</li> </ul>	Provides safety testing, bioanalytical testing, flow cytometry, ELISA testing, histopathology testing, PBMC isolation, and end-to-end service for clinical trials including kit assembly, sample storage and vendor management (logistics).	

7	<a href="#">Agilex Biolabs</a>	<ul style="list-style-type: none"> <li>• 전단계 임상 시험 분석</li> <li>• 생물학 및 독성학 분석 서비스 중점</li> </ul>	Provides bioanalytical & tox services including LC-MS/MS bioanalysis, immunoassay bioanalysis, biomarker assays, immunobiology analysis, and toxicology services.
8	<a href="#">Resonance Health</a>	<ul style="list-style-type: none"> <li>• 비침습적 의료 영상분석을 통한 환자 진단 및 임상시험 이미징 서비스 (분야 : 철분과다, 간지방증 진단)</li> </ul>	<u>Clinical Trial Services</u> Provide quantitative imaging CRO services for multinational and multicenter clinical trials worldwide. <u>Patient Diagnostics</u> Core lab and AI powered products for patient diagnostics in the management of diseases in relation to iron overload and metabolic diseases.
9	<a href="#">Nexomics</a>	<ul style="list-style-type: none"> <li>• 전단계 임상 시험 분석</li> <li>• 종양학 특화 유전체 분석 및 ctDNA 검사 서비스 제공</li> </ul>	Provides oncology-focused genomic and ctDNA testing services, supporting over 1,000 clinical trials across all phases with advanced molecular diagnostics.
10	<a href="#">MaHPharma</a>	<ul style="list-style-type: none"> <li>• 임상 시험용 의약품의 보관, 유통, 라벨링 및 포장 서비스 제공</li> </ul>	Provides comprehensive clinical trial solutions, including package and labeling, storage and inventory management, global logistics, return and destruction, clinical regulatory consultancy, and comparator sourcing, ensuring compliance with GMP and GWP standards
11	<a href="#">Taikun Pharmaceutical Company</a>	<ul style="list-style-type: none"> <li>• 임상 시험용 의약품의 보관, 유통, 라벨링 및 포장 서비스 제공</li> </ul>	Provides comprehensive clinical trial services, including clinical supply management, GCP/GMP-compliant packaging solutions, label and carton design and manufacturing, temperature-controlled storage, clinical site distribution, import and export of clinical materials, QP services, returns and destruction services, with GDP/GMP-compliant facilities in Australia, U.S, Belgium, and China.

### III. CDMO/CMO

NO	Company	Business Area	Technology/Service	미팅희망여부
1	<u>Viral Vector Manufacturing Facility (VVMF)</u>	<ul style="list-style-type: none"> <li>• 바이럴 벡터의 연구, 개발 및 제조</li> </ul>	Provides research, development, and manufacturing of high quality clinical and commercial grade viral vectors, supporting advanced therapeutic solutions globally	
2	<u>BioCina</u>	<ul style="list-style-type: none"> <li>• 미생물 기반 바이오의약품 및 재조합 단백질 개발·제조 CDMO (플라스미드 DNA, mRNA 포함)</li> </ul>	Provides contract development and manufacturing services for microbial-based biologics, including recombinant proteins, plamid DNA, and mRNA, supporting both clinical and commercial production	
3	<u>IDT Australia</u>	<ul style="list-style-type: none"> <li>• 원료 및 완제 의약품 개발·제조 CDMO</li> <li>• mRNA 백신, ADC 등 첨단치료제 제조</li> </ul>	Provides high containment and high potency API and FDF production, with advanced capabilities in mRNA vaccines and antibody-drug conjugates.	
4	<u>Sacco System</u>	<ul style="list-style-type: none"> <li>• 프로바이오틱스, 포스트바이오틱스 등 미생물 기반 바이오 의약품 개발·제조 CDMO</li> </ul>	Provides a complete suite of services to develop and scale up Probiotics, Postbiotics and Microbial Therapeutics for supplement, biotech and pharma companies	
5	<u>Thermo Fisher</u>	<ul style="list-style-type: none"> <li>• 바이오 의약품 개발 및 제조 전 과정 지원 CDMO</li> </ul>	Provides microbial-based biomanufacturing and fermentation development up to 30L scale, supporting clinical and commercial applications through its Brisbane R&D site	

#### IV. Research Service Provider

NO	Company	Business Area	Technology/Service	미팅희망여부
1	<a href="#">Translational Research Institute (TRI)</a>	<ul style="list-style-type: none"> <li>• 연구·임상·상용화 연계하는 중개 연구 기관</li> <li>• 병원, 대학, 연구기관, 기업이 공동으로 활용하는 통합 연구 인프라 제공</li> </ul>	Provides a collaborative translational research hub in Brisbane, co-located with a biopharma manufacturer, accelerating the translation of scientific discoveries into clinical practice through partnerships with hospitals, universities, and industry.	

#### V. Biotech
